

## **Monks Kirby Parish Council**

### **June 2022 Highlights**

Parish Council Meetings continue to be held at the Revel School while the Village Hall is having a serious make over, thank you to the School for hosting us.

A new sound and sensory area has now been opened in the Fish Pond Play Area, the final stage of the additional equipment requested by Parishioners to enhance the area and accommodate those children with particular needs. One note on the Play Area, can people please ensure that they take home with them their litter, we will look into getting a litter bin, but funds are limited and it would be nice if everyone could take responsibility for their own rubbish. Broken glass was found over there the other day, which is unacceptable and unnecessary.

Consultation period for the draft of the Neighbourhood Plan has now over and the final draft has now been passed to the Neighbourhood Steering Group for approval.

We have been made away of shortfalls in our local Bus Service in Monks Kirby recently, leaving folks stranded, let down and incurring additional travel expenses, so the Parish Council will be writing to the Bus Service Company to complain and ask for an explanation.
